

***'Swan's In Flight'* Album Brief**

'Swan's In Flight's is a self-titled album of 16 songs performed using acoustic guitars in a setting rarely heard before. Predominantly of the rock genre, the album features an array of 13 world-class, international guest artists from bands as diverse as Megadeth to James Brown. Highly commercial, wonderfully melodic, this album will have strong appeal to a wide range of listeners.
